City

Education

2015 – 2019

Harvard University

Faculty of Computer Science
and Information Technology

2020 – 2022

University of Northern Sumatra

Faculty of Computer Science
and Information Technology

Profile

I'm a passionate and detail-oriented penetration tester with a strong foundation in networking, scripting, and web security. Dedicated to identifying vulnerabilities and enhancing cybersecurity through ethical hacking and continuous learning.

Experience

2021 – 2022

Networking

Proficient in configuring and troubleshooting networks, understanding protocols, and ensuring secure and efficient data communication.

2018 – 2020

Scripting

Experienced in automating tasks and solving problems using languages like Python and Bash for efficient system operations.

2015 – 2017

Web Security

Skilled in identifying, analyzing, and mitigating web vulnerabilities to strengthen application security.
